FOR IMMEDIATE RELEASE

Fire Damages Apartment

A fire of unknown origin damaged one apartment and caused slight smoke damage to another apartment this morning.

Dispatchers received a call at approximately 8:21 am reporting that smoke was coming from a downstairs apartment in a building at 403 Fall Circle. Six units from the College Station Fire Department, staffed by fifteen personnel, were dispatched with the first unit arriving on the scene at 8:26.

The first unit to arrive on the scene confirmed that there was smoke coming from apartment "D" and proceeded to search the apartment for occupants. Fortunately no one was in the apartment at the time and the surrounding apartments were either vacant or had been evacuated.

The situation was brought under control at 8:40.

The cause of the fire is currently under investigation by the College Station Fire Marshal's Office.

For additional information contact College Station Fire Department Public information Officer Bart Humphreys at 979-764-3708.
